EVHD2™
SKU# **EVH228**

The EVHD2™ is a 2.6mm pixel pitch black face LED display. It's light weight durable die-cast aluminum frame and modular front maintenance design, allows for easy installation and service. Features include a seamless bezel-free design, no fan metal cooling structure, and excellent color uniformity and brightness. The EVHD2™ is ideal for any broadcast installations.

SPECIFICATIONS
Pixel Pitch: 2.6mm
Physical Density: 123,904 (dots/m2)
LED Type: SMD Chip
LED Size: SMD1515
Module Size: 250 x 250mm
Module Resolution: 96 x 96 pixels
Drive Mode: Constant Current Drive
Horizontal and Vertical View Angle: H:140° | V:120°
Scan Way: 1/22
Cabinet Size: 500 x 500mm
Cabinet Resolution: 176 x 176 pixels
Cabinet Weight: ≥19.8 lbs. (≥9.0 kg)
Cabinet Material: Die Cast Aluminum Alloy
Brightness: 1200 (cd/m2) (after calibration)
Gray Scale: 14bit
Refresh Rate: Variable Up To 3840Hz
Input Voltage: AC110V-220V, 50/60Hz
Cabinet Max Power Consumption: 135W
Cabinet Average Max Power Consumption: 65W
Protection Level: IP20
Environment: Indoors | -20° - 40° C | 10 - 90% RH
Life Span: ≥50,000 Hours
